

## **Release of Risk Declaration**

Each of our clients taking part in our walks must read and sign the following statement:

I fully realise that there may be certain risks and dangers to myself during the walk including, though not limited to, forces of nature and acts of God, car accidents and otherwise.

Furthermore, I have judged that I am physically capable in taking part in this walk. It is my responsibility to make known to the walk organisers any physical or medical disability that I have. My decision to walk after this declaration is at my own risk. I also understand that the walk organisers reserve the right to disqualify me from any part of the organised walk if they deem that I could endanger myself or other members of the group.

I declare that I am solely responsible for my participation in this walk and do not hold the organisers of the walk liable in any way, whatsoever for any harm or damage to myself.

I have read the Release of Risk Declaration form and agreed to the stated conditions and to the Booking Conditions.
